

FOR GOLFERS

Blue skies above, green pastures below and golf balls flying in between

In addition to the Chesa Grischuna and its fantastic mountains Klosters offers one of the most beautiful alpine golf courses. Whether you're looking for your first experience of the "gentleman's sport" and call yourself a "rabbit", or whether you have enriched some of the most famous golf courses in the world with your presence, a visit to the Golf Club Klosters will always be a special event.

*Sportive and relaxed
days for Rabbits, Rookies
and Playing Pros*

The 9-hole course is extremely varied and embedded within breath-taking scenery. Thanks to the hilly terrain each green is quite unique and set within legendary panorama.

You'll find beautiful hiking paths all around the area and at the heart, of course, the Chesa Grischuna who welcomes its guests with open arms. Very cosy rooms, tastefully and lovingly furnished and decorated with antique pine wood, the fantastic gourmet kitchen in the Chesa Restaurant, the great sun terrace and the exquisite wine cellar will make your stay unforgettable.

Our Special for Golfers in the 2011 Summer Season:

- 3 nights with a sumptuous breakfast, 3 four-course dinners in our Chesa Restaurant (arrival on Sunday, Monday, Tuesday or Wednesday)
- 2 green fees, a welcome drink, and a souvenir to dry the farewell tears

The Guest Card Klosters-Davos grants you free use of all cable cars in the region, all local buses and the Rhaetische Bahn train between Klosters and Filisur, plus many further benefits.
