

FOR LOVERS

Three Romantic Days at the Chesa Grischuna

You may be on cloud nine or have the feeling that you should escape reality; there are as many reasons for coming to the Chesa Grischuna as there are stars in the Grisons sky. Imagine just the two of you all alone in the midst of paradise - far away from your daily routine.

*Heavenly mountain air,
blue skies, butterflies in
your stomach and a
romantic hide-away
like nowhere else*

The historic building of the Chesa Grischuna with its long tradition and its many cosy recesses is an ideal place for a couple that is only interested in themselves. The Chesa team likes to pamper their guests from head to toe, ideally without them realising what a heavenly dream they have experienced. Our chef de cuisine prepares his famous four-course dinners behind the scenes and the sommelier is prepared to serve you his best wines on our large sun terrace or in the Chesa Restaurant. Your cosy room will be waiting for you furnished with loving care in the tradition of the Grisons style and offers you a dreamlike view of the mountains in the glowing sunshine or during crystal clear nights.
